

1. My wife and I listen to KLOVE radio in the Cincinnati Area. KLOVE (104.3, 96.9, and 102.3) serves us as residents in the local community. The very positive impact that KLOVE has had in the lives of individuals and families in the area would be displaced by an LPFM broadcaster providing other programming. The service provided by KLOVE is in the public interest because it supports wholesome values and has a positive and encouraging impact on communities all across America, and not just the Cincinnati area. It is not right to allow LPFM stations to take priority over current FM translator service. Hundreds of thousands of people listen to K-LOVE on these FM translators. Please do not give LPFM priority over translator service. Thanks.

Sincerely, Jeff and Mary Powell
